EDUCATION

MIT ACADEMY OF ENGINEERING, B.Tech

2018 – 2022 | Pune, India

PROFESSIONAL EXPERIENCE

Inventive Inteltech, Associate Software Engineer

Nov 2022 – present | Pune, India

Project Name:- Byonic.ai 📄

- Develop and maintain dynamic front-end applications using Angular and JavaScript.
- Design and implement responsive and user-friendly UI components.
- Utilize HTML, CSS, and TypeScript to enhance the user experience and interface design.
- Create and optimize database schemas for efficient data storage and retrieval.
- Integrate third-party APIs and services to enhance application functionality.
- Conduct thorough code reviews, unit testing, and debugging to maintain code quality.
- Contributed to scalable and efficient architecture design discussions.
- Implemented intuitive features like drag-and-drop elements and real-time previews.
- Collaborated with UI/UX teams to refine user interface for optimal experience.
- Integrated third-party APIs to enrich campaign data and insights.
- Developed dynamic form-building capabilities for customized user forms.

INUKSHUK, Technical Business Analyst (Intern)

Jun 2021 – Mar 2022 | Pune, India

- Developed a multifunctional hand tool by integrating numerous individual functions into a single unit, designed a promotional website to enhance product visibility, and created a client data management dashboard, improving user insights by 25%.

Unschool, Digital Marketing Analyst (Intern)

Nov 2020 – Feb 2021 | Hyderabad, India

- Worked as a 'Community Leader' intern by reaching out the target audience with the 'Unschool Courses' and helped several students understand the importance of upskilling.
- Prepared weekly updates and reports to track growth and success rates of marketing campaigns.
- Analyzed campaign performance data using Google Analytics and SEMrush, identifying key insights that led to a 25% increase in click-through rates (CTR) over a 3-month period.
